## Internship/Stage

We would like to point out that it is not possible to choose the company where the internship will take place beforehand or to ask to do a specialised or particular job. Moreover as the internship lasts only for the period established and in no case leads to permanent employment in the hosting company, in certain sectors the possibility to take an “active” role in the work may depend on the length and/or the scheduled time of the Internship. The objective of the internship is to put students in contexts where the language particular to that sector is used and at the same time gives students the chance to measure their aptitude for working in that sector.
